Randall Munson

Technology companies across 6 continents turn to Randall Munson to increase their sales!

Imagine an exciting speaker who's also an experienced business executive, an insightful teacher, a gifted entertainer, and a best-selling author. Randall Munson is all of these, delivering messages that have a powerful impact on audiences and organizations around the world.

As a speaker:

Randall's refreshing blend of inspiration and practicality, delivered with warmth, humor, and magic, has propelled him into the Speaker Excellence Hall of Fame. Not surprisingly, Randall has garnered more than 70 Gold Medals in the International Speaker Olympics, an IBM Award for Excellence, and is listed in the Who's Who of Professional Speaking. Randall shares his insights from platforms around the world and through his writings in a column for an international magazine, numerous articles, the electronic magazine **Business Magic!**[™] read by decision makers in more than 70 countries, and 8 books he authored or co-authored including **Creativity 101, Creativity 102**, and the best-selling **Create the Business Breakthrough You Want**. *Randall has earned the Certified Speaking Professional designation which has been achieved by only 7% of professional speakers in the world.*

As an executive:

Randall has been named one of **"The Worlds Greatest Business Mentors"**. His messages stem from a rock solid business foundation: an IBM Program Manager and IBM Executive Advocate who for 20 years led IBM research and development projects with management, architecture, education, and marketing responsibilities. He also held an executive position for 5 years in the Target Corporation. Randall is listed in the International **Who's Who of Professionals**. He was the Vice President of Administration at Crossroads College and member of the Board of Directors of Hope International University. He is the founder and president of Creatively Speaking®.

As a teacher:

Randall has a flair for conveying complex, abstract, and potentially dry information in a manner that's engaging and easy for the audience to grasp. Called by many a "natural teacher," he has designed and taught courses for the **IBM Advanced Business Institute**, IBM Management and Technical Education, Asia/Pacific Marketing Masters Seminars, and serves as an Adjunct Professor at the University of Wisconsin. Randall holds an M.S. degree in Computer and Information Science from the University of Minnesota.

As an entertainer:

Randall's talents as a magician, ventriloquist, and clown contribute to his ability to captivate audiences in many settings -- including Bally's Grand in Las Vegas, Walt Disney World, and The White House. He has made televised appearances internationally and has been featured on major network broadcasts. Randall has won 30 national and international entertainment awards, and his likeness has been displayed in the **Clown Hall of Fame** and the **Smithsonian Institution**.
