

CONTENTS

Volume 16, Number 4 ♦ Mar. 2001 Edition

4. PRESIDENT'S CORNER

Léo Lefebvre

5. TUG BOARD OF DIRECTORS LIST

6. Cover Story: E-COMMERCE APPLICATIONS

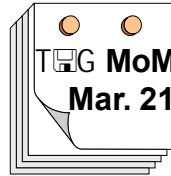

Eden Watt – As a preview of her upcoming presentation at the next Meeting of Members, Eden gives us an overview of the emergence and evolution of Internet applications, and where they are trending.

10. THE AGENDA

Speakers at the March 21st MoM will be Eden Watt and John Earl.

12. LINUX ON iSERIES: ARE YOU READY?

Thibault Dambrine – The fact that LINUX will run on an iSeries 400 is nothing short of revolutionary. If you had a project to install LINUX on your iSeries 400 or AS/400, would you know what to do?

19. TWO THINGS YOU CAN COUNT ON...

Dan Duffy – Two things you can count on: your iSeries 400 and tax deadlines.

20. RPG & JAVA, THE PERFECT MARRIAGE

George Farr – RPG and JAVA each have valuable strengths to bring to the integrated application partnership. The goal of IBM is to make these powerful languages integrate easily, in a “perfect marriage.”

27. CRISP AND CLEAR USER REQUIREMENTS

Ken Sadler – We have all worked on projects which did not give the users exactly what they wanted. The critical factor in overcoming this situation is to obtain meaningful and well understood requirements. Wouldn't it be nice?

29. PROJECT MANAGEMENT TALES – THE DELUGE

Debbie Gallagher – The Acme Company decided to outsource their order taking and fulfillment functions. Many issues surfaced during the design discussions...

31. COMMUNICATING WITH SAM

Sam Johnston – What are the real threats to Network Security, and how do we take all of the necessary measures to protect our valuable data?

34. SECURITY AND IP/VPNs – A PACKAGE DEAL

Joan Burek – Contrary to popular myths, virtual private networks do provide the necessary security for remote access to corporate data. How is this so?

36. iSERIES SECURITY

John Earl – A warm-up for our March Meeting of Members' evening session.

39. TEC MANAGEMENT SERIES

Jay Burford – Did you hear about the FREE management topics at the next TEC?

40. OPEN SESAME

Ken Dafoe – Ken comments on the future implications of adaptive software.

42. TUG MoM REVIEW – THE JAN. 2001 MEETING OF MEMBERS

Eveline Gaede – Eveline gives us a re-cap of the last meeting, with excerpts from presentations by Chuck Heller and Jon Paris.

45. @TUGONCA

46. THE GOLD PAGES

48. BUSINESS INTELLIGENCE with Jackie

Jackie Jansen – Operations Navigator

49. DIGITAL ART

Bob Jones – “Firewater”

50. TUGNOTES

TORONTO USERS GROUP for Midrange Systems

TUG/400 e-server magazine

is a publication of the Toronto Users Group for Midrange Systems (TUG), and is distributed to members and industry associates. It contains articles on current activities of the group, as well as articles from members and non-members which are of general interest to the group. **All rights reserved.** Articles may be reprinted only with permission. Manuscripts should be submitted to the Editor at the following address: Toronto Users Group for Midrange Systems, 36 Toronto Street, Suite 850, Toronto, Ontario, Canada M5C 2C5; or via E-mail (see below).

TUG is a not-for-profit organization that promotes knowledge of the iSeries 400, the AS/400, and midrange technologies. Inquiries about the group should be directed to our Association Manager, Wende E. Boddy, at (905) 607-2546 or 1 (888) 607-2546; Fax: (905) 607-2547, E-mail: admin@tug.on.ca.
