☑ Ontario Visually Impaired Golf

By Wende Boddy

What a perfect Day! Not only was the weather perfect, but 144 golfers turned out to play at Glen Eagle golf course. This annual event is held for the Ontario Visually Impaired Golfers' Association, and believe me, a nicer bunch of people – and Angus the dog – you could not hope to meet!

Richard Dolewski explained how this game is played with the visually impaired golfers in the last issue of the TUG Magazine. I would like to point out that, during part of that day David Burnett, President of "End to End Networks", as well as being a big and important sponsor of this event, whom I have known for hundreds of years – not that he is THAT old! – was out on a "par three" and every one had the opportunity to play "The blind Man"… and although David lost to 53 players, the amazing thing is that he was able to beat 45 golfers! The day concluded with a very nice dinner, and the awarding of lots of prizes. Then we presented the TUG donation of $2700.00, which represented our collection from the TUG Golf Tournament, (which was held back in June.)

Once again a special "thank you" to our sponsors and players who made it all possible, and which was very much appreciated by the OVIG.   T🖳G

Comprehending IT - Take Two

An architect, an artist and an IT guy were discussing whether it was better to have a wife or a mistress. The architect said he enjoyed time with his wife, building a solid foundation for an enduring relationship. The artist said he enjoyed time with his mistress, because of the passion and mystery he found there. The IT guy said, "I like both." The artist said "BOTH?" The IT guy replied "Yeah. If you have a wife and a mistress, they will each assume you are spending time with the other woman, and you can go to the office and get some work done…"
