

EXCHANGE YOUR EXCHANGE.

AND SAVE UP TO 38%. YES, 38%.

Presenting the IBM @server iSeries.™ Want a less expensive, smarter alternative to upgrading to Microsoft® Exchange 2000? Want to keep running the Outlook program your users love, but on a server you'll love even more?

Fig. 1. iSeries Value Proposition

Exchange your Exchange for the iSeries server. It lets you support thousands of Outlook users on one reliable, low-maintenance server. With iNotes™ Access for Microsoft Outlook it's easy to consolidate multiple Exchange servers onto a single iSeries running Lotus® Domino™ with robust, scalable power. And in the process, help bring reliability, security and functionality up—while keeping upgrade, service and help-desk costs down.

E-mail graduates to reliability. The architecture of the iSeries provides a mainframe-inspired environment, where Domino partitions are isolated from one another. And problems in one partition will rarely affect the users in other partitions. Partitions can even automatically restart when necessary.

Save up to 38%¹ vs. Exchange 2000. If reliability and consolidation aren't reasons enough, consider this: Migrating your Outlook system to Domino for iSeries can

cost up to 38% less than upgrading both your hardware and software to Microsoft Exchange 2000.²

Fig. 2. Happy CFO

Same front end, better back end.

To your Outlook users, migration to Domino is virtually seamless. They use the same client software they're used to, but can now get the benefits of Domino, like working offline and full-text search. It also provides optional failover and load-balancing for e-mail, easier administration, and use of Domino e-collaboration apps.

It only gets better. IBM is one of the world's largest software companies, the leader in middleware, and the name in reliable servers. To find out more about how IBM can help you, register now for a free, live e-briefing and Q&A session with an IBM expert. In just one hour (and right from your desk) you'll find out more about the

iSeries and iNotes Access for Microsoft Outlook, including how to save up to 38%, and other reasons why it makes so much sense to exchange your Exchange. Shouldn't you call or click today?
