100 %

That's what Ron Anderson (our newest Director, now responsible for Membership), thinks of our membership, with respect to e-mail. That is, if there is anyone out there who does not have an e-address please raise your hand. (If Ron sees a hand then he'll reluctantly adjust his percentage.) With this in mind your Association wishes to reach its masses the e-mail way – on occasion, and it is embarking on a big write-in campaign to make sure that each of you is in our address book. Rest assured it will not be lent, sold or otherwise given to anyone outside of TUG. If you're in front of your computer right now, then it won't take a minute – guaranteed. Simply address your message with no Subject (*) or content to tug@tug.ca and press Send. Your Association Manager, Wende Boddy will do the rest and whenever you see a message in your Inbox from TUG you'll know that you are receiving important information that you'll want to read right away.

Ron says that he and his Committee are working hard to add some spice to TUG's bi-monthly meetings and you might want to check out The Agenda page for more information in this regard, especially concerning the draw for a TV, special eats et cetera. So as ol' Dean Martin used to say, keep those cards and e-messages comin'. Help Wende fill her inbox with addresses. See you at the March Meeting of Members!

* If your company name is not part of your address please make it the Subject of your message.
