No longer is true iSeries high availability reserved for organizations with large IT budgets. Now you can keep pace with 24/7 business requirements and avoid the costs of downtime by implementing the same high availability solutions used by your larger competitors. Comprised of two iCluster™ licenses, implementation, training, maintenance and support, DataMirror's complete "Simple HA for \$60K" offering* delivers maximum return on investment for small and medium sized businesses. DataMirror's "Simple HA for \$60K" solution gives you everything you need to compete in the 24/7 world, increase revenues and improve your bottom line – even more reason to fall in love with your iSeries all over again. www.datamirror.com/hapromo
