

25th Annual TUG Technical Education Conference

Sponsor Invitation for TEC EXPO – May 30th, 2018

For 24 years, the Toronto Users Group for Power Systems has hosted “TEC EXPO” (a vendor showcase) during the first day of its annual two-day conference. This has been a tremendous success; averaging hundreds of visitors, including registered conference attendees, representing numerous companies in manufacturing, distribution, retail, financial, education, and government sectors. This will be our Silver (25th) Anniversary.

TEC is the Toronto Users Group’s annual **T**echnical **E**ducation **C**onference. This year we will be conducting the event at the **Toronto Don Valley Hotel & Suites**, with a new and exciting agenda! We have a very intense lineup of main themes including, but not limited to:

- IBM i & RPG Application Development
- Performance Management
- Web and Mobile Development on IBM i
- Modernizing your IBM i Applications
- Accessing and Optimizing IBM i data
- IBM i System Management

This year we have invited just the "cream of the crop" — some of the industry’s **top speakers**, including: **Jon Paris, Susan Gantner, Aaron Bartell, Robert Bestgen, Barbara Morris, Edmund Reinhardt and Eric Simpson!** *

This conference will provide many opportunities to greet end-user delegates and introduce yourself and your company to them. Areas will be available for you to setup and display your company’s products and services. The Expo will be open throughout the day to allow conference attendees and other potential customers the opportunity to meet with you and hear about your products.

Similar to last year, sponsors will be able to choose their own display location (on a first-come first-served basis.) Register early to ensure that you get your preferred spot in the main lobby, right next to the session rooms!

** (Names subject to change — not all speakers have confirmed their availability.)*

TEC EXPO 2018
