

# Your Rapid Response Team for Domino™ Migration

Domino for IBM® AS/400® is going to power your system into a whole new generation of e-business capability. But first, you have to get there!

We're ready! Willing! and Able-One! The Able-One Domino team has all the right stuff to make your migration to Domino seamless and efficient, for you and your users. Our experience as Canada's top AS/400 implementation team means we can move out quickly to get the right solution in place and have you up & running fast.

As an IBM Premier Business Partner and Lotus Notes® Partner, Able-One combines the expertise, experience and the track record to deliver a complete solution you can trust.

- Specialists in AS/400 + Windows NT integration
- Local and wide area network design
- #1 in Domino migration

Call Able-One...  
the team to get  
it done!
