

CONTENTS

Volume 17, Number 4 ~ March 2002

4. PRESIDENT'S CORNER

Richard Dolewski

5. TUG BOARD OF DIRECTORS LIST

6. Feature Article: Introduction to "Eclipse"

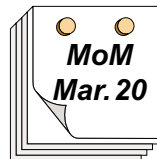

George Farr & Phil Coulthard – This article, the first in a series, introduces the new IBM® Eclipse technology, and touches on its implications for iSeries® programmers and interested parties.

10. THE AGENDA

Bios and abstracts of our upcoming March 20, 2002 Meeting of Members speakers and topics.

12. TUG MoM REVIEW – THE JANUARY 2002 MEETING OF MEMBERS

Léo Lefebvre – Léo gives us a re-cap of the January 23, 2002 TUG Meeting of Members (held at the new Toronto/Yorkdale Travelodge Hotel) with excerpts from the excellent presentations by Richard Dolewski (DRP), and George Farr with Phil Coulthard (WebFacing Tools).

14. DRP UPDATE: FACING REALITY – IT'S GOOD BUSINESS

Richard Dolewski – "Organizations view disaster recovery planning as an insurance policy. This emphasis reduces the value of disaster recovery planning and becomes harder to get management commitment...."

18. WHAT'S HAPPENING IN ISERIES NATION?

19. PROJECT MANAGEMENT TALES – IF IT'S GOING WELL, IT'S NOT TOO LATE TO SCREW IT UP.

Debbie Gallagher – The first three months of the implementation of Logistics went very well, with no unusual problems. Then the project sponsor ... removed the Logistics Manager from the implementation team.

21. COMMUNICATING WITH SAM – Messaging Platform Selection: Reaching the Fork in the Road

Sam Johnston – A reader writes: "What are the key considerations that I must weigh in making my decision between Exchange and Domino and what should I look for in a unified messaging solution?"

26. THE TRIANGLE PUZZLE

Ed Jowett – I am sending this to the expert engineers who know all about these things. (See diagram.) Once you've figured it out, let me know...

26. @tug.ca – Letters to the Editor, etc.

27. DIGITAL ART *Vaughn Dragland* – "Intrusion"

27. BALANCE

Chris Douchette – Where were you on February 20, 2002 at 8:02PM?

28. BUSINESS INTELLIGENCE with Jackie

Jackie Jansen – Data Skew: What is it and why do I care?

"This month we are going to talk about data skew. The database optimizer is the component of the database that decides how to actually execute your query. It decides whether or not the database will read your entire file, use one of the existing indexes, or build a temporary index."

29. THE GOLD PAGE

30. TUG NOTES

30. INDEX OF ADVERTISERS

Deadline for the next issue: Apr. 5, 2002

TORONTO USERS GROUP for Midrange Systems TUG eServer magazine

is a regular publication of the Toronto Users Group for Midrange Systems (TUG), and is distributed to members and industry associates six times per year. It contains updates on activities of the group, as well as articles from members and non-members which are of general interest to the "eServer community." All rights reserved. Articles may be reprinted only with permission. Manuscripts should be submitted to the Editor via e-mail. (See address below.)

TUG is a not-for-profit organization that promotes knowledge of the iSeries, pSeries, AS/400, RS/6000, and other midrange technologies. Inquiries about the users group, and subscription enquiries, should be directed to our Association Manager, Wende E. Boddy, at the TUG office, 36 Toronto Street, Suite 850, Toronto, Ontario, Canada M5C 2C5. Phone: 905-607-2546 Toll Free: 1-888-607-2546, Fax: 905-607-2547, E-mail: admin@tug.ca.
