

Infoprint 1228 with M35

Deliver output at the speed of e-business.

IBM Workgroup Printers offer black and white or colour laser printers that range in speed from 16 to 45 pages per minute. These printers are reliable, versatile and offer excellent performance in their price ranges.

Expand your investment by adding the multi-function (MFP) options which offer full-function copy, fax and network scan functions to the IBM Infoprint 1120, 1125, 1130, 1140 and 1145 monochrome printers, or the Infoprint Color 1220 and 1228 printers. The IBM M20, M25, and M30 MFP Options can help you increase productivity, reduce costs and optimize space and device utilization to support an efficient workgroup environment.

NEW Infoprint 1226

The value-priced IBM Infoprint® 1226 is a monochrome laser printer that supports large-format applications including A3 and Ledger sized paper. Offering high-performance printing at a speed of up to 26 pages-per-minute (ppm).
