## BETTER ARCHITECTURE WITH MVC AND STRUTS

At this step in the RPG-to-J2EE roadmap, we turn our attention to the model-view-controller (MVC) design pattern, the Struts framework for Web application design, and the IBM iSeries Web tools.  
By George Farr and Phil Coulthard

## ANOTHER LOOK AT CGIDEV2

With IBM's backing and the growing popularity of the product in mind, it's a good time for TUG to take a second look at this free IBM web toolkit and its role in creating interactive web pages using the RPG ILE programming language on the iSeries.  
By Martin Cytrynbaum
