

TUG CONTENTS

MARCH 2007 VOLUME 22 NUMBER 4

- 2** **PRESIDENT'S CORNER**
Did you know that in the province of Ontario there are two major colleges offering education on the System i? TUG has started a program to recognize and promote colleges where System i is taught.
By Léo Lefebvre
- 4** **DIRECTORY OF DIRECTORS**
Contact information for TUG's key contributors
- 5** **TUG MoM REVIEW — NOVEMBER 2006**
The great turnout, despite inclement weather, was a strong indication of the interest in the evening's two topics: "i5 Availability" and "DR & Security Confessions—The Movie."
By Jay Burford and Stephen Bingham
- 10** **AGENDA**
The next TUG Meeting of Members will take place at the Living Arts Centre Mississauga. The topics are Remote Service Manager with Kevin Puloski and Modernizing RPG with Jim Cooper.
- 12** **RPG WEB DEVELOPMENT — GETTING STARTED**
This article is focused on the basics of using RPG as a server-side scripting language to develop Web applications. Using RPG is just as easy and powerful as developing Web applications with any other language.
By Jim Cooper
- 18** **COIN MEETING REVIEW**
Highlights of the February 5 Central Ontario iSeries Network meeting in Kitchener with speakers Mike Warkinton and Kevin Puloski
- 19** **TEC '007 *iEducation: Shaken not stirred***
With every new release of i5/OS there is so much more to learn it could take you a couple of years to learn everything, and that's only if you work at it. You have to start today.
By Glenn Gundermann
- 20** **TEC '007 & SHOWCASE SPONSORS**
Many thanks to the folks who make our annual conference possible—our sponsors!
- 21** **TEC '007 EXECUTIVE BREAKFAST SPEAKERS**
Profile on John Pratt and Richard Dolewski
- 22** **TEC'S FAVOURITE 007 MOVIE TITLES**
If System i were a double-oh agent, what movies would it have starred in?
- 23** **TEC '007 KEYNOTE SPEAKER**
Profile on Paul Tuohy
- 26** **JACKIE'S FORUM**
Star Schema
A star schema is a specialized data model for business analysis. It is a design that allows for multi-dimensional database functionality but is implemented in a relational database such as DB2.
By Jackie Jansen
- 27** **THE GOLD PAGE**
Directory of TUG's elite "Gold Members"
- 28** **TUG NOTES**
Things you need to know — including the list of upcoming events

"STORING MY REAL-TIME DATA OFFSITE IS SAFER AND SMARTER."

BRAINS II IS THE VAULT FOR MY DATA.

I need fast, uninterrupted access to my data to maintain my competitive edge. But I can't waste time, money and energy worrying about backups.

That's why Brains II is my trusted partner for online, real-time data vaulting. They store my data on their equipment in their facilities, where their expert professionals maintain everything. I get data access and security to keep my business moving for less than what I'd pay for a part-time staff member to perform the same tasks in-house.

Brains II is an IBM Business Partner, specializing in iSeries solutions. Contact Brains II today to learn how easy and secure they can make your data protection.
