- 28** **TUG NOTES**
Things you need to know — including a summary of upcoming events

MANAGING MULTIPLE MAINTENANCE PLANS COSTS ME TIME AND MONEY

BRAINS II SERVICE CONSOLIDATION—ONE CALL DOES IT ALL.

Hardware consolidation always boosts performance, efficiency and manageability. Yet, companies need to recognize that Service Consolidation delivers even more of these benefits. Additionally, Service Consolidation from Brains II provides the foundation for hardware consolidation.

Manufacturers aren't always the best sources of service. Having each supplier service its equipment costs more and creates performance inefficiencies in heterogeneous networks.

Multi-vendor Service Consolidation from Brains II can save you 30% to 40% on maintenance costs and simplify management with only one contract and one number to call.
