C*RN BYTES

By Ken Davis

The /400's gone,
No need to cry,
The time has come:
Embrace the i

First there came RAID,
And then the Blade,
Our IT world's changing,
Be not afraid.

The old ways have gone,
There's been a decree,
It's time to start coding,
In RPG/free

TEC gave us the Power,
Careers can now flower,
With each passing hour,
We grow like a tower.

The Power of i
Has stirred up the kettle,
Embrace now your future,
Resistance is futile.

"Take your work seriously, but yourself lightly..."
